**GOVERNMENT OF INDIA
MINISTRY OF LABOUR & EMPLOYMENT**

Preface

India is founder member of the International Labour Organization, which came into existence in 1919. At present ILO has 183 member countries. A unique feature of the ILO is its tripartite character. The membership of the ILO ensues the growth of tripartite system in the member countries. At every level in the Organization, Governments are associated with the two other social partners, namely the workers and employers. All the three groups are represented on almost all the deliberative organs of the ILO and share responsibility in conducting its work.

International Labour Conference (ILC) is one of the most important organs of ILO which meets every year in the month of June. Except for the interruption caused by the Second World War, the International Labour Conference has continued since its first session in 1919 to meet at least once a year.

The Conference, assisted by the Governing Body, adopts biennial programme and budget, adopts International Labour Standards in the form of Conventions and Recommendations and provides a forum for discussing social economic and labour related issues. The ILO Conventions are international treaties and are instruments, which on ratification bring in legal obligations for the countries that ratify them. Being a founder member of the ILO and holding a permanent seat in the Governing Body as

one of the 10 nations of Chief industrial importance, India has been regularly participating in the ILC in all its meetings. The ILC has so far had 4 Indian Presidents viz., Sir Atul Chatterjee (1927), Mr. Jagjivan Ram, Minister for Labour (1950), Dr. Nagendra Singh, president, International Court of Justice (1970) and Mr. Ravindra Verma, Minister of Labour and Parliamentary Affairs (1979). There have also been 8 Indian Vice Presidents of the International Labour Conference, 2 from the Government group, 3 from the Employers and 3 from the Workers Group.

In this publication, we have compiled the names of the members' delegates as well as advisers of the Indian Tripartite delegations participating in the International Labour Conference right from its first session in 1919 to the hundredth session in 2011. We hope that the document will not only serve as an important historical record but also a testimony to the long term fruitful association we have with the International Labour Organization. The list has been compiled as per available records. However, if there are any discrepancies, they should be intimated to us for necessary corrections.

Joint Secretary
