INTRODUCTION

Labour relations highly juridified in India. Quite often grievances or disputes emerge from ignorance of relevant legal provisions. If executives & trade union leaders are conversant with labour laws, quite a large number of disputes can be settled before they take an adverse turn. This would result in relatively harmonious industrial relations.

The knowledge of labour laws empowers the executives & trade union leaders, but they find themselves handicapped because of the dynamic nature of judicial interpretations. As a result, they tend to become heavily dependent upon lawyers which causes undue delay and unnecessary expenses. They, therefore, need to acquire the knowledge of labour laws and go on refreshing it through continued training.

Keeping this in view, the V.V.Giri National Labour Institute is conducting the programme on Labour Laws for Executives & Trade Union Leaders. Since it is not possible to cover all the labour laws during the programme, only the select labour laws would be covered having the following aim and objectives.
